Public Comments

Kevin Southwood of Terre Haute talked about research he had done to improve life that he thought could benefit everyone.

Communications from elected officials, other officials or agencies of the County

Commissioner Chris Switzer said he had been under the impression there was going to be some action taken tonight under the American Rescue Plan adoption but he understood that was not going to happen. He wanted to ask the Council, before the next March meeting, to please reach out to the Commissioners if they needed/wanted anything and advise them how the Council wants them to move forward. They would like to bring some appropriation requests for March. Several Council members had questions. Aaron Loudermilk said he had obtained and watched the Powerpoint that had been shown, since he had a prior commitment last week and was not at the meeting. What he noticed was the discussion of ARPA and READI grants together and wanted to know the reasoning for that. Mr. Switzer said it was hoped to get some of the entities who had received READI grants through the State of Indiana's ARP fund help to accomplish their goal and explained how that works. Mr. Loudermilk asked if there was documentation setting out the Plan of the Commissioners. Mr. Switzer said they were working on that and he hoped to have it by next Friday and would provide a copy to Council members. Mr. Switzer then explained his understanding of the ARPA plan and the role the Council and the

Commissioners played. Vicki Weger said she would like to have some information on how some of the projects that the money would benefit would work. For example, a breakdown of the housing project (i.e. cost of consulting, the developer, how much goes into the actual building of the project). She is also adamant that local workers would need to be used so that local people could benefit from the monies spent for the project. Mr. Switzer said they would probably be working with THRIVE on that project. Ms. Weger asked for some sort of timeline as to when something will take shape. He hoped that in a month or so, the wheels would start moving and explained how he thought it would work. Marie Theisz said she wanted to see projects done that we could visibly see and benefit from at completion. She also had several comments about the housing that would be built. David Thompson said that he had questions asked of him about the involvement with the colleges. Specifically, why is Indiana State and the daycare getting money; Rose-Hulman, who has a large endowment, why are we paying to move Rose-Hulman Ventures; and the why is the equine center at St. Mary's receiving money from the taxpayers since the school was a private entity and should not be receiving taxpayer money. Mr. Switzer said he would send Council members an email addressing those questions because he had received those same questions himself. Vicki Weger said she had received comments about a lack of transportation in the County for people who cannot afford transportation. Mr. Switzer said that there was a Rural Transportation Council meeting and those conversations have already started. Aaron Loudermilk asked if any more thought had been given regarding a sports complex and were there any plans to develop something along those lines. Mr. Switzer said he believed one was going to be built in the city, although he would like it to be a collaborative effort. The Capital Improvement Board had recently contracted to have a feasibility study done. He said there could be potential for that but he didn't know in what capacity yet. A location has not yet been chosen. Travis Norris said that he thought there was a need for the Parks Department to benefit. He also felt that the fairgrounds was important to the Community, even realizing that it is a privately controlled entity but he thinks it also has extreme value to the community. Mr. Switzer said that the Parks Department was having conversations about some projects with Baker Tilly to see if they qualified under ARPA funds. Ultimately, the goal is to spend this money correctly under the ARPA rules so that the County does not get audited and have to pay any money back. President Thacker said he had done some research on his own and talked to RJL Solutions and felt much more comfortable with the proposals now. He feels that education of the citizens would be of great benefit. He suggested maybe a public meeting to help the public understand might be beneficial.

Kevin Gardner, Vigo County Assessor, said that he understands about the Baker Tilly study and all that the Council has on its hands to decide. He also sees all the requests for increases to salaries and staffing. He just wanted to say, in representing his office and as an elected official, they all feel that maybe their staff isn't compensated how they should be. He wanted to state for the record that just because his office and some of the other offices were not coming and specifically asking for anything, they do not want to be left behind as things progress.

President Thacker said he had an update with regard to the Baker Tilly study. He and the HR Director had a phone call with Baker Tilly on February 9. The market study originally used to evaluate the various positions was based on figures from April of 2022. Those numbers now need to be “aged” to a more current date. He had requested that be done and, if possible, provided by today. It was learned that using the April 2022 comparisons revealed that 32 county employees were considered underpaid. Using more current numbers brought that number up to 81 which impacted budget numbers from \$83,000 to \$218,000 just to bring those who are underpaid to current levels. He set up a subcommittee of Marie Theisz, David Thompson and himself to meet with Baker Tilly before the March meeting to get information and make a recommendation at the March meeting to the Council and take action on all the items that Baker Tilly wants answers on and then roll that plan out. Then, with Baker Tilly’s assistance, they would roll it out to all the department heads so everyone could see what is being done. He then discussed some of the options that would then be available and the work that needs to be accomplished. Vicki Weger clarified for those who are unaware that this concerned a pay study for the County Employees. Aaron Loudermilk asked about receiving the Powerpoint presentation. President Thacker said he thought it had already been sent out. It was determined that the attachment was missing. He will resend the email. Mr. Loudermilk also asked if we had a list of the 81 employees who would be considered underpaid. There was a brief discussion.

David Thompson had some questions last week about the 2023 budget and made some requests for other information from the Auditor’s Office. Those spreadsheets were then distributed to the Council. There was a lengthy discussion about that information.

Nancy Allsup made a motion to approve Additional Appropriation 2023-02. Vicki Weger seconded the motion. Upon a voice vote of 7-0, the motion was unanimously approved.

xviii. Additional Appropriation 2023-03; ROC 2023-03: LEPC – 2023 Budget Adjustment

This was explained at the Sunshine Meeting and it was briefly reviewed that these monies are supplied to LEPC by the State to be used as they see fit and the County has no authority over the money as it is not tax money. The budget has been reduced to zero and now needs to be put back in as requested. Aaron Loudermilk made a motion to approve Additional Appropriation 2023-03. Nancy Allsup seconded the motion. Upon a voice vote of 7-0, the motion was unanimously approved.

xix. Additional Appropriation 2023-05; ROC 2023-12: Reassessment/Harrison Township Assessor – State Meeting Budget

xx. Salary Ordinance 2023-02; ROC 2023-01: Clerk – Salary Increases

Vicki Weger asked if the Baker Tilly study addresses this and that was confirmed. Travis Norris asked if they chose to wait on this until the Baker Tilly study comes in, if they could make this retroactive to this month. President Thacker said they could do whatever the Council wished at that time and reviewed the options they had for tonight. A lengthy discussion took place with Brad Newman about the possible time frame for the Baker Tilly study and the things that need to be accomplished. Travis Norris made a motion to table Salary Ordinance 2023-02. David Thompson seconded the motion. Upon a voice vote of 7-0, the motion unanimously passed.

xxi. Salary Ordinance 2023-03; ROC 2023-01: Clerk – delete part time positions and add full time positions

This request was briefly reviewed from the Sunshine Meeting. President Thacker said the financial impact of this would be \$50,715.64 annually. Aaron Loudermilk asked Brad Newman if he had two full time employees ready to go. Mr. Newman said they had one. He added that they just could not get people to work part time for the hourly rate. This is not directly tied to the Baker Tilly study but would be affected if the hourly rate changed from the study. Travis Norris made a motion to table Salary Ordinance 2023-03. David Thompson seconded the motion. There was a brief discussion before the vote was taken. Upon a voice vote of 7-0, the motion unanimously passed.

xxii. Salary Ordinance 2023-04; ROC 2023-01: Election Board – salary increases

This request was briefly reviewed. Aaron Loudermilk asked if the current proxy rate was \$1,400 for each proxy. It is for each (one Democrat and one Republican). Cheryl Loudermilk explained, for clarification purposes, that the original letter request had incorrect figures for the proxy rate and member rate but had been corrected after talking with Mr. Newman and for the purposes here tonight. The numbers reflected on the proposed Salary Ordinance 2023-04 are correct. Marie Theisz pointed out that this request was not governed/impacted by the Baker Tilly study. It was also pointed out that these salaries had not been raised for at least 24 years (which is as far back as they could be tracked). Mr. Newman briefly reviewed the job description for the Election Board. Marie Theisz questioned what happened under various scenarios about a motion that could be made. There was also discussion as to whether or not this fell under the purview of raising the salary of an elected official. Mr. Newman said this does not fall under his salary and the he is given a separate check for this service. Council Attorney Michael Wright said he had researched IC 36-2-5-13 and he knew that Mr. Newman's status as the chair of the Election Board is statutory as well. He cannot definitively say his request is in his capacity as an elected official as opposed to his mandatory obligation to serve on the Election Board as the elected Clerk of Vigo County. It is definitely a question to pose to the Indiana State Board of Accounts or DLGF. Marie Theisz felt that this needed to be looked at and be more in line with other counties and would like further clarification. She made a motion to table Salary Ordinance 2023-04. Vicki Weger seconded the motion. Upon a voice vote of 7-0, the motion unanimously passed.

xxiii. Salary Ordinance 2023-05; ROC 2023-04: Juvenile Justice Center – Salary Increases

Norm Loudermilk, Executive Director of the Juvenile Center, said this had been discussed in depth last week and he felt that this was different from some of the salary requests tonight because it was a request for parity with other correctional officers of the County. They have been on the same salary schedule as the officers at the Jail in years past and he feels this may have been an oversight when the pay rates were increased for the Jail. He again reviewed the facts of his request. President Thacker said that this issue has been addressed in the salary study and there will be parity but the timing of this is the factor. Vicki Weger made a motion to approve Salary Ordinance 2023-05. Nancy Allsup seconded the motion. Marie Theisz asked how this will impact when the salary study is

rolled out and will it create some chaos. There was a brief discussion. Vicki Weger withdrew her motion. Travis Norris made a motion to table Salary Ordinance 2023-05. David Thompson seconded the motion. Upon a voice vote of 7-0, the motion unanimously passed.

xxiv. Salary Ordinance 2023-06; ROC 2023-04: Juvenile Justice Center – Stipends & Retention Bonuses

Mr. Loudermilk discussed at length the \$500 stipend that had been awarded a number of years ago to his Training Director. The duties and amount of work have increased and he thinks that amount should be increased to \$1,000. They also have an officer working as a logistics and supply coordinator which requires far more duties than her normal job but with no extra compensation. He believes an annual stipend of \$1,000 should also be established for this position. As far as retention bonuses, those type of bonuses were already awarded to dispatchers and the jail staff but there was no consideration for the Juvenile Center staff. For clarification, it was noted that stipends were not considered under the salary study. Marie Theisz asked if training requirements had increased since Mr. Loudermilk started serving as Director. He said they had and that what had previously been “suggested” had now become a “requirement.” Lengthy discussion continued. Aaron Loudermilk asked if the two positions that stipends were being requested for were given to Baker Tilly as new positions. They are stipends for current detention officers. This would be an annual stipend, not just a 1-time payment. Cheryl Loudermilk explained how stipends and retention bonuses were paid out. Norm Loudermilk asked if a request was tabled when it would again be addressed. Travis Norris said that it automatically comes up at the next meetings, both Sunshine and regular and nothing further needs to be submitted. Mr. Loudermilk also asked about retroactive and the meaning of it. The options of the term retroactive was discussed. Travis Norris asked Council Attorney Wright about the Baker Tilly contract and could a letter be sent to them about possible breach of contract. Mr. Wright said a letter could be sent but he had not seen the contract but would familiarize himself with it and consult the Council about what they would like put in the letter. Aaron Loudermilk said that he believed this had been looked into last year and there were some caveats in the contract that protected them. Travis Norris made a motion to table Salary Ordinance 2023-06. David Thompson seconded the motion. Upon a voice vote of 7-0, the motion unanimously passed.

xxv. Salary Ordinance 2023-07; ROC 2023-06: Coroner Add Chief Deputy Coroner position

There had been discussion last week about this position being requested as a part time Chief Deputy Coroner position or if it was full time. There was a lengthy discussion about whether a part time deputy coroner position existed. Council Attorney Wright said that he had never seen a part-time chief deputy classification in any department in Indiana. He will continue to research the matter. Discussion continued. President Thacker wanted all to be aware that the dollar amount shown does not reflect the benefits added on to show the full amount that would need to be figured in since initially it was thought this was to be a part time position. Travis Norris asked if those complete numbers could be provided by next meeting. He then made a motion to table Salary

Ordinance 2023-07. Vicki Weger seconded the motion. Upon a voice vote of 7-0, the motion unanimously passed.

**xxvi. Additional Appropriation 2023-01; ROC 2023-09:
LIT/Correctional Rehab Facilities – New Equipment and
Locks and Audio**

This had been presented at the Sunshine Meeting. Aaron Loudermilk said he had not been present at last week's meeting and asked what this was for exactly. It was explained that these items had been zeroed out for the 2023 budget with the belief that going into a new building would make an appropriation unnecessary. That has not proved to be correct so they are coming back and asking for half of what was requested for last year's budget to have something to operate with. Derek Fell gave some examples of repairs that were needed on equipment that was no longer under warranty. There was some discussion about what was and was not covered under warranty. Mr. Loudermilk asked about using Commissary Funds to cover these expenses and Officer Fell said that usually Commissary Funds are used to supplement needs rather than fully fund them. Discussion continued. Vicki Weger made a motion to approve Additional Appropriation Ordinance 2023-01. Marie Theisz seconded the motion. Upon a roll call vote, voting was as follows: Aaron Loudermilk – nay; Nancy Allsup – aye; Vicki Weger – aye; Todd Thacker – aye; Marie Theisz – aye; Travis Norris – nay; David Thompson – nay. With a vote of 4-3 in favor, the motion passed.

**xxvii. Salary Ordinance 2023-08; ROC 2023-09: Jail – Staff
Increases**

This had been presented at the Sunshine Meeting. Marie Theisz asked if this number was to get us up to what is recommended for full staffing. Officer Fell said this is based on the jail study. Vicki Weger believes it is what has been ordered. Aaron Loudermilk said that it was recommended by the consultant, not ordered. Ms. Weger said the Judge was rather adamant at the last meeting. Attorney David Friedrich was present to address this issue. He briefly summarized the last couple of monthly status hearings with the Judge. In December, Judge Magnus Stinson asked where they were with regard to staffing. It was disclosed that the latest staffing analysis said they needed 12 additional officers whereupon Judge Magnus Stinson asked if there would be voluntary compliance or was she going to have to order it. It was Mr. Friedrich's opinion that if staffing compliance was not met, it will eventually be ordered by the court. Mr. Friedrich also said the ACLU attorney closely follows these types of meetings and if it is not approved, he will put some pressure on the Judge who will then schedule a settlement conference and this will be discussed. Aaron Loudermilk asked if the staffing analysis was based on direct supervision. Mr. Friedrich said he was not sure of the terminology but it was based on the number of the overall capacity of the jail. There was a lengthy discussion. Vicki Weger made a motion to approve Salary Ordinance 2023-08. Marie Theisz seconded the motion. Before a vote was taken, David Thompson asked if the salary rate would be based on the current salary rate or what would be recommended by Baker Tilly. Todd Thacker said it was being figured on the current salary rate. Aaron Loudermilk asked if all the current budgeted positions were all working in the jail right now or if any were working outside the jail. Officer Fell said that a couple were working outside the jail,

those being two building security and a secretarial position. There was a short discussion about the positions. Upon a roll call vote, voting was as follows: Aaron Loudermilk – nay; Nancy Allsup – aye; Vicki Weger – aye; Marie Theisz – aye; Travis Norris – nay; David Thompson – nay; Todd Thacker - aye. With a vote of 4-3 in favor, the motion passed.

xxviii. Salary Ordinance 2023-09; ROC 2023-09: Sheriff – additional staff

This is the request for adding three staff for building security and was presented at the Sunshine Meeting. Officer Fell summarized that two of these positions are to move existing personnel back under the Jail status, there are to be no new persons hired, and the third position is to provide a position to be able to maintain security at the Annex/Government Center. They simply cannot provide someone full time for the Annex with the manpower they currently have. Marie Theisz asked for some clarification. There was a short discussion. Aaron Loudermilk asked if reserve deputies were being used at all for building security. Officer Fell said that they did occasionally but the number of reserves was also down and they are generally used in other positions. Vicki Weger made a motion to approve Salary Ordinance 2023-09. Nancy Allsup seconded the motion. Upon a roll call vote, voting was as follows: Aaron Loudermilk – nay; Nancy Allsup – aye; Vicki Weger – aye; Marie Theisz – aye; Travis Norris – nay; David Thompson – nay; Todd Thacker - aye. With a vote of 4-3 in favor, the motion passed.

xxix. Salary Ordinance 2023-10; ROC 2023-09: Sheriff – add secretary position

Officer Fell reviewed this request. This position had been paid out of the Jail for about 8-10 years. This is not a new position, just a reclassification. Marie Theisz asked if this was just a shift from the fund where it was being paid from or if it was an additional increase in hourly rate. Officer Fell said there was actually a decrease in the hourly rate but the employee is aware of the change. This position had been paid out of the Jail budget but needs to be placed into the Sheriff's budget. Chief Deputy Cheryl Loudermilk clarified that this position worked for the Sheriff but had been paid out of the Jail budget. The employee is aware she is taking a decrease in pay. This is shifting this position from the Jail to the Sheriff trying to streamline and clean up positions. Her hourly pay will go from \$20.80 to \$18.81 and she is fully aware of it. Marie Theisz made a motion to table Salary Ordinance 2023-10. Travis Norris seconded the motion. Before the vote was taken, there were several comments from Council members. Officer Fell added that they didn't necessarily want to decrease anyone's pay, but, they also felt it was the right thing to do to clean up the positions and the budgets from which they are paid. Upon a voice vote of 7-0, the motion unanimously passed.

xxx. Salary Ordinance 2023-11; ROC 2023-10: Prosecutor – Amend Deputy Prosecutor Base Salary

Prosecutor Terry Modesitt presented this at the Sunshine Meeting. He reviewed his request and the need to increase the base pay in order to keep the staff they currently have and give them the ability to fill open positions. There was a lengthy discussion. It was

also noted that any pay increases given to the Prosecutor's Office would also result in pay increases for the Public Defender's Office under statutory law. David Thompson also pointed out that with regard the Public Defender salaries, there is a portion (believed to be 40%) that is reimbursed by the State. Travis Norris made a motion to table Salary Ordinance 2023-11. Vicki Weger seconded the motion. Upon a voice vote, there were 6 ayes with Aaron Loudermilk voting nay. By a 6-1 vote, the motion carried.

xxxi. Salary Ordinance 2023-12; ROC 2023-10: Prosecutor – Add Deputy Prosecutor Percentage Increase

Prosecutor Terry Modesitt reviewed this request. The deputy prosecutors are currently paid according to their experience level. They are paid a base pay but they can make more based upon their experience. He would like to get the base pay up to \$80,000 and then depending on their position, if they are a specialty deputy, they can make up to an additional 10%. There was a short discussion. Travis Norris made a motion to table Salary Ordinance 2023-12. David Thompson seconded the motion. Upon a voice vote of 7-0, the motion unanimously passed.

xxxii. Salary Ordinance 2023-13; ROC 2023-10: Prosecutor – Add Deputy Prosecutor Positions (3)

Prosecutor Terry Modesitt reviewed this request. This is a request for three positions: a major crimes trial deputy, a violent crimes trial deputy, and a juvenile crimes trial deputy. He briefly summarized these positions. There was a short discussion. Marie Theisz made a motion to table Salary Ordinance 2023-13. David Thompson seconded the motion. Upon a voice vote of 7-0, the motion unanimously passed.

xxxiii. Salary Ordinance 2023-14; ROC 2023-10: Prosecutor – Add 2 Legal Secretary Positions

Prosecutor Terry Modesitt briefly reviewed this request. If they get a Juvenile Crimes deputy, they will need a secretary for that person. Also, with the Prosecutor's Office taking over Community Service record keeping, since Community Corrections is no longer going to do it, they need someone to keep track of that at all times. He has contacted ISU/the High Tech Crimes Unit to see if they can help develop a program to make monitoring that program more efficient. Vicki Weger made a motion to table Salary Ordinance 2023-14. David Thompson seconded the motion. Upon a voice vote of 7-0, the motion unanimously passed.

xxxiv. Salary Ordinance 2023-1; ROC 2023-11: Juvenile Court – Staff Increases

This matter was discussed at the Sunshine Meeting in depth. Aaron Loudermilk asked if this was the request that was made last year. Glenna Cheesman said that it was. She also added that since last week's Sunshine Meeting, their caseload had increased by 60 cases, from 529 to 562 active cases. Marie Theisz made a motion to approve Salary Ordinance 2023-1. Travis Norris seconded the motion. Upon a roll call vote of 7-0, the motion was unanimously approved.

Todd Thacker said that he wanted to have the subcommittee of Marie Theisz, David Thompson and himself meet soon. Once they get a report, there will probably be a Special Meeting call.

David Thompson asked if the Auditor's Office had a total dollar figure on what had been approved tonight. Chief Deputy Auditor Cheryl Loudermilk asked for a slight clarification of what was being asked and then said they would be looking at approximately \$900,000 but taking into consideration that it would only be for a partial year, it will be more likely be about \$800,000 for this year. Brief discussion continued. Travis Norris asked if they could ask Council Attorney Wright to go ahead and write a letter to Baker Tilly to push for a conclusion to the salary study matter. It was decided that Mr. Wright should go ahead with the letter and he will copy all of the Council members.

Adjournment
