Please consider this an official request:

As we have stated in multiple council meetings, it is our intentions to lose our first sergeant positions through attrition. We promoted a first sergeant to an open lieutenants position this evening. We would like to make an official request to turn that first sergeant position into a sergeant position. That will save the county \$1500 a year. This is maintaining our current number of supervisors and not asking for an increase.

If there's any additional paperwork required from a Sheriff's Office perspective, please let me know.
