

SCHEDULE R

No Truck Route Permit Requirements

Certificate of Insurance: \$500,000 General Liability from the contractor.
Certificate Holder: Vigo County Board of Commissioners.

Construction Maintenance Bond: From the contractor, a 3 year \$5,000 bond (minimum). Bond form provided by the Engineering Department.

Plan: Specify haul route, number of loads anticipated, approximate tonnage per load and length of haul period. If haul route is through a school zone, the Vigo County School Corporation shall be advised. Annual “No Truck Route Permit” requires two plans, one for anticipated haul and one for emergency haul.

If haul route is videoed and/or photographed, the county inspector or a member the county highway department shall be present.

Vigo County Ordinance #100.21: Annual No Truck Route Permit shall not be in violation with the No Truck Traffic Ordinance.

24 Hour Notice: Please call the Vigo County Engineering Department @ 812-462-3419 and give a 24 hour notice before hauling begins.

Permit: All contractors and/or persons must have a copy of the approved permit on the job site while hauling is being done.

Fee: Per Ordinance No. _____. The Engineering Department will calculate fees based on an annual or single time submittal. Checks made payable to the Vigo County Treasurer.
