**Property Tax Abatement Overview and Guideline - Scoring System**

**Program Description**

Property tax abatement in Indiana is authorized under Indiana Code 6-1.1-12.1 in the form of deductions from assessed valuation. Any property owner in a locally-designated Economic Revitalization Area (ERA) who makes improvements to the real property or installs eligible new or used personal property (such as manufacturing equipment and certain research and development equipment) is eligible for property tax abatement. Land does not qualify for abatement.

**Scoring System**

The Vigo County Council utilizes a scoring system as a non-exclusive guide for determining the appropriate length of time and the amount of property tax to abate for each of the eligible years for the property tax abatement(s) being sought for a proposed project. Additional information on the criteria for the scoring system can be found on pages C-1 through C-4 in this document.

**Indiana Real Property Assessment Standard**

A property's assessed value is the basis for property taxes. Annually, local assessing officials assess the value of real property on January 1<sup>st</sup> based on market value in use of the property. Property owners can estimate the property taxes for new construction by adding the cost of the land and improvements together and multiplying by the tax rate. For real property tax abatement calculation purposes, the cost of the improvements (the land itself cannot be abated) would be utilized as the real property assessed value. This real property assessment value would then be phased-in over one of ten time periods.

**Indiana Personal Property Assessment Standard**

Personal property values are assessed January 1<sup>st</sup> of every year and are self reported by property owners to county assessor using prescribed state forms. Generally speaking, personal property taxes are levied against all tangible property other than real property. Numerous deductions can be applied to personal property. Of course, the value of personal property over time will be subject to depreciation, therefore, applicants are advised to seek the counsel of a financial advisor to determine which asset pool(s) (see following table) would be applicable to their particular project.

Additional information on the State of Indiana's property tax assessment system can be found at the Indiana Department of Local Government Finance website at [www.in.gov/dlgf/](http://www.in.gov/dlgf/)

**Vigo County**  
**Property Tax Abatement Overview and Guideline - Scoring System**

**Project Eligibility Criteria**

Decisions to designate areas as Economic Revitalization Areas are determined by the County Council. The County Council utilizes a numerical scoring system as a guide for designating areas as Economic Revitalization Areas within the unincorporated areas of Vigo County. Each project is scored on its individual merits. The points system that is utilized to evaluate projects considers the degree of revitalization that the project will have on the surrounding area as well as other facts such as employment (created and/or retained), investment, utilization of local construction firms and labor and so forth.

The following projects will be considered by the Vigo County Council for property tax abatement. The real property guideline project scoring criteria can be found in the section entitled "Vigo County Real Property Tax Abatement Guideline Scoring Criteria" on page C-1. For projects seeking personal property tax abatement, the "Vigo County Personal Property Tax Abatement Guideline Scoring Criteria" can be found on page C-3.

**(A.) Manufacturing Project** - Local manufacturing projects, local manufacturing-related office structures and local manufacturing-related warehouses that create or preserve employment within the unincorporated areas of Vigo County are eligible for property tax abatement. In the case of manufacturing facilities that directly produce product (as well as manufacturing related-warehouses), both real and depreciable personal property are eligible. In the case of manufacturing-related office structures, only real property is eligible for abatement. Also, certain research and development equipment may qualify for depreciable personal property tax abatement.

**(B.) Non-Manufacturing Warehouse and Distribution Center Projects** - Warehouses and distribution centers not related to a local manufacturing facility may be eligible for both real and depreciable personal property tax abatement. To be eligible for property tax abatement, the facility must substantially serve markets beyond the Terre Haute metropolitan area.

**Ineligible Projects**

Projects will not be considered if a building permit has already been obtained or construction has been initiated. This is because the decision of the Council to designate the Economic Revitalization Area must be passed on the finding that the area is "undesirable for normal development".

The County Council has the right to void the tax abatement designation awarded to a project if the project has not been initiated within twelve (12) months of the reconfirmation date of the tax abatement resolution, or if the actual use is different than that approved.

Pursuant to IC 6-1.1-12.1-3(e) a deduction for the rehabilitation or development of real property is not eligible for the following types of facilities:

1. Private or commercial golf course
2. Country club
3. Massage parlor
4. Tennis club
5. Skating facility (including roller skating, skateboarding, or ice skating)
6. Racquet sport facility (including any handball or racquetball court)
7. Hot tub facility
8. Suntan facility

**VIGO COUNTY COUNCIL**  
**Sunshine Meeting Minutes**  
**Tuesday, February 1, 2022 at 5:00 P.M.**  
**Council Chambers, Vigo County Annex**

**Pledge of Allegiance**

President Pro Tem David Thompson called the meeting to order at 5:00.

**Calling of the roll**

R. Todd Thacker – present, Vicki Weger - present, Marie Theisz - present, Ttravis Norris - present, Brenda Wilson – present, David Thompson - present, and Aaron Loudermilk - absent.

**Public Comments**

There were none.

**Communications from elected officials, other officials or agencies of the County**

There were none.

**First reading by summary reference of proposed ordinances and resolutions**

- i. ROC 2022-01, Additional Appropriation 2022-01, Vigo County Health Department Fund
- ii. ROC 2022-02, Resolution 2022-02; New Goshen Fire Protection District

**Reports from committees**

There were none.

**Resolutions and Ordinances other than appropriations.**

- i. **Resolution 2022-02; ROC 2022-02: New Goshen Fire Protection District**

Carol Holbert stated that the New Goshen Fire Protection District is asking for approval to establish a new debt service fund. This will be for the purchase of a new 2,000 gallon custom tanker. This will replace a 1998 tanker truck that they currently have. They need Council approval to move forward. Todd Thacker asked what would happen to the tanker being replaced. Ms. Holbert stated that they are sometimes used as a reserve unit or sold. She was unsure what the plans were for this one but she would check and have an firm answer at next week's meeting. Mr. Thacker asked if she could also get an estimated value for the one being replaced and Ms. Holbert said she would also have that information next week. The cost of the new tanker will be \$340,000 and they have already secured financing with First Financial Bank. This is subject to the approval of the DLGF. The new tanker is being built now but will probably not be here until the end of the year.

**Ordinances relating to appropriations.**

**i. Additional Appropriation 2022-01; ROC 2022-01: Vigo  
County Health Department**

Joni Wise, Administrator of the Vigo County Health Department, stated that they were requesting additional funding to pay for their contact tracers and a registered nurse from February 15 until April 28. She is asking that these funds come from their reimbursement from the U.S. Centers for Medicare and Medicaid Services from last year. These funds can be used for this purpose according to the guidance letter received from State Health Commissioner Kristina Box. There was a short discussion about the current Covid situation locally. Marie Theisz and Todd Thacker expressed their gratitude for all the work that had been, and continues to be, done in this regard. Council Administrator Kylissa Miller did note that if this request is granted, it would be set up as a separate line item in the Health Department Fund.

Brenda Wilson made a motion to adjourn the meeting at 5:15 p.m. Todd Thacker seconded the motion. Upon a voice vote of 6-0, the motion was unanimously approved.

**VIGO COUNTY COUNCIL**

There were no corrections to the minutes of the November 9, 2021 regular meeting. David Thompson made a motion to approve the minutes of the regular meeting. Travis Norris seconded the motion. Upon a roll call vote, the motion passed with a vote of 7-0.

There were no corrections to the minutes of the January 4, 2022 reorganizational meeting. Travis Norris made a motion to approve the minutes of the reorganizational meeting. Brenda Wilson seconded the motion. Upon a roll call vote, the motion passed with a vote of 7-0.

**Public Comments**

Kevin Southwood of North Terre Haute talked about an idea he had for a 5-year plan concerning North Terre Haute. He suggested that if homeowners in North Terre Haute made any type of structural improvements to their home, that those added structures would not be taxed for a period of five years. Such would provide a big incentive for homeowners to make improvements and invest in their neighborhoods. Comments and discussion took place.

**Communications from elected officials, other officials or agencies of the County**

Tim Cunningham, Veterans Service Officer, advised that with the opening of the local VA Clinic, he was now operating out of two office spaces with just himself and one part-time office staff. He plans to bring this matter to the Council next month but wanted to

give them some information before the next meeting. He would like to propose that his current part-time employee be changed to a Veterans Service Officer (“VSO”) and changed to full time status and add one additional VSO to work at the VA Clinic and perform needed functions there. This will free him up to be able to devote more time assisting veterans out of both office locations and the outreach program. Since he has been in this position, he has helped approximately 1,000 veterans through his office. Councilwoman Theisz requested that he provide any numbers served or any data that he might have when preparing the request for next month in order to help the Council reach an informed decision.

Travis Norris gave an update on the status of the Pimento School building fire that took place earlier in the week. IDEM has already been out and inspected it and demolition has started. The money for this was taken care of through the Commissioners’ funding. He thought the property was to be donated back to the County.

Marie Theisz gave an update on the status of creation of a scoring system/procedures for tax abatements for the County. She has been working closely with Council Administrator Kylissa Miller, City Council member Martha Crossen, and Steve Witt of Economic Development. She will be providing the documents to the Council attorney for review. She would like to put it on the agenda for March for review. She requested that if any of the other Council members had any input/feedback to please get it to her as soon as possible in order to have everything ready for review and possible implementation at the March meeting.

Ms. Theisz then publicly thanked the County Highway employees for all their hard work and efforts during the recent weather event. They did an amazing job.

Councilwoman Brenda Wilson asked the County Commissioners that were present at the meeting if they could give an update on the status of the bathroom construction that was to be built at Ivy Tech at the trailhead for the County. Commissioner Mike Morris said he had not followed up on that but he would look into it.

Commissioner Chris Switzer added some comments following up on Councilman Norris’ update regarding the demolition at the Pimento School building. He noted that the additional monies given to Building Inspection during the budget process last year helped facilitate this and make it happen. Building Inspector Terry Bays has been working tirelessly with IDEM, with the State Fire Inspector, and cadaver dogs to make sure the entire process was accomplished properly and promptly.

Mr. Switzer then talked about the impact grant he had suggested back in January. He had been in conversations with Aaron Loudermilk and Kylissa Miller about this. No decision had yet been made on where to pull the money from if it was decided to proceed with this grant. He, personally, felt it should come from the general fund because if ARP money was used, there is a lot of follow-up and record keeping for those funds. It would simplify matters for both the County and the recipients if general fund money was used. He was trying to gauge if the Council still had any interest in working with the

Commissioners to accomplish this so that some candidates could come in and make a presentation for consideration, and decisions could be made on the amount of the award, the date it would be presented, etc. If there is interest, he will keep moving forward but he is just trying to determine how to proceed. There was a brief discussion.

Councilwoman Vicki Weger asked the Commissioners if they had any information with regard to the plans recently announced regarding the relocation, etc. of the new casino. Commissioner Switzer noted that they had been in contact with Churchill Downs. Among other things, it is the Commissioners' understanding that Churchill Downs has promised to work with, not against, the new Convention Center.

#### **Reports from committee(s)**

There were none

#### **Resolutions and Ordinances other than appropriations.**

##### **i. Resolution 2022-02; ROC 2022-02: New Goshen Fire Protection District**

This matter was discussed at the Sunshine Meeting in depth. The question had been raised at the Sunshine Meeting as to what was going to be done with the tanker being replaced and, after checking this past week, Carol Holbert stated that it was going to be sold. They already had a fire department interested in purchasing it. She did note that the tanker would stay in service until delivery of the new tanker. Upon determination that there were no further questions or comments from Council, Brenda Wilson made a motion to approve Resolution 2022-02. Todd Thacker seconded the motion. Upon a roll call vote of 7-0, the motion was unanimously approved.
