- i. Resolution 2022-03, ROC 2022-10: County Tax Abatement Scoring System

Marie Theisz explained that in going through several tax abatements since she had been on the Council, she discovered that there was no actual scoring system in place to assist both the Council and organizations seeking to apply for tax abatements. She had suggested creating such a document. There was support in going forward with this process from other Council members. This process had initially been started by a former Council member who had worked with Steve Witt with the Economic Development Commission and Martha Crossen on the City Council, Council Administrator Kylissa Miller and others. Starting with the documents previously drafted and consulting with Mr. Witt, Ms. Crossen, and Kylissa Miller, and using suggestions from other Council members, she has come up with the a proposed checklist/scoring system/application that can be used going forward. She would like to vote on this next week, keeping in mind that adjustments can be made if needed. It is hoped that eventually this can be put on line in the future. Vicki Weger asked how this would mesh with what the City is putting together. Cheryl Loudermilk, who is a member of the City Council, advised that there had been no discussion regarding updating their forms at this time. Brenda Wilson expressed her appreciation for all the work that has been put into creation of this work.

Ordinances relating to appropriations.

i. Additional Appropriation 2022-02; ROC 2022-03: Vigo County Health Department

Joni Wise, Administrator of the Vigo County Health Department, and Mike Grayless, Vector Control Supervisor, were present for this request. They are asking for an additional appropriation to purchase a vehicle from the vaccine administration funds received from Health and Human Services. This is out of the settlement received January 1, 2021 through June 30, 2021 in the amount of \$133,203.57. They should be receiving within a week the July 1 through December 31 settlement money. Travis Norris asked how the pricing of the Grand Cherokee Laredo being requested compared to the Durango that many of the other departments have purchased. Mr. Grayless said that Vigo Dodge could not give him a price on a Durango because it's not on the government bid list this year. David Thompson asked if there were guidelines on how this money could be used. Ms. Wise stated that she had included the letter from Dr. Box showing the guidelines for use and this request qualified. The vehicle being replaced is a 1994 Crown Vic that does not have a working odometer and it can no longer be replaced/repared because it is obsolete. Marie Theisz asked if this would be for general purpose use or something specific. Mr. Grayless stated that it would be general purpose. Todd Thacker asked what other vehicles were on the list of choices. Mr. Grayless was not familiar with the list but had looked at other vehicles and this was the best pricing he could find.

ii. Additional Appropriation 2022-03, ROC 2022-04: Drug Free Community

Brandon Halleck said that this is the yearly appropriation of the Drug Free Community funds. These are fees that the Courts collect, not taxpayer dollars, from various court-ordered programs. After collection by the Courts, the monies are disbursed to the County level at 75% and the State takes 25%. Of that 75%, the local Coordinating Council then grants it out, per state statute, to prevention, treatment, and law enforcement agencies.

iii. Additional Appropriation 2022-05, ROC 2022-06: Courts

Judge Lakshmi Reddy and Brandon Halleck presented this request. They have submitted a grant application to the Division of Mental Health and Addictions for around \$300,000 for a two and one-half year project. This is a holistic approach to help families to strengthen them to help children become emotionally healthy. Families are in crisis and they can't get the help they need. Courts do not function to be able to do that. The best way to accomplish this is with a social worker. The concept has been around for a long time but no one wants to put the money into it. Judge Reddy feels that unless we invest in our children, there will not be jails big enough to house enough people. They are asking for a small amount now but she does plan to ask for more in the future. They are asking for \$25,000 to start the process of hiring a social worker. CASY has \$20,000 in reserve to assist in this process and they are optimistic that they will get the grant. Either way, they plan to go forward with the project. Mr. Halleck stated that they had seen an increase with mental health issues with children, with COVID making matters worse. Having a social worker will help guide families with getting services/support that they need. If awarded this money, the Community Foundation has agreed to give them \$25,000 also. If this grant is awarded, it would begin July 1, 2020 and go through December 31, 2024. Beyond that date, they hope to have worked out a local sustainability plan for funding. They plan to document how the program is working. Brenda Wilson asked if they knew of anyone else doing anything similar that might have some of the supporting data? Judge Reddy said that although the concept has been around, no one has seen fit to put any money into it. Discussion continued regarding concepts of the program and how it would work. David Thompson asked when they will know if they received the grant. Mr. Halleck said that with July 1 being the start date, and the application being submitted on March 1, he believes they should know by the first of May. Marie Theisz asked about partnerships and if they had talked with the VCSC. Mr. Halleck said that they would work with the schools. The plan is to work with children ages 5-17.

iv. Additional Appropriation 2022-04, Salary Ordinance 2022-01, ROC 2022-05: Clerk

Leanna Moore, Chief Deputy Clerk, and Brad Newman, Clerk, stated that they are asking to take four of their part-time positions and turn them into two full-time positions. They are finding it very difficult to fill part-time positions in their office due to the fact that there are no differences in the duties required of their part-time employees and full-time employees except for rate of pay and benefits. It is hard to justify to the part-time employees that they are paid significantly less than the full-time people and do the exact same jobs just for working one day less per week. People will not work for the part-time rate of pay (\$12.85 per hour) any more regardless of how many hours they work. They have had many interviews, and hired people who don't show up. Most people want full-time positions because of better rates of pay and benefits. There will be an additional cost to the County for this change but it will not be substantial. Two full-time positions would bring in more qualified people to consider and bring some stabilization to the Clerk's Office. Todd Thacker asked how many current full-time people they have. They currently have 32 full-time and 8 part-time. Mr. Thacker asked if this change would

affect the feeling of the current part-time people or if the current part-time people wanted to be part-time. Mr. Newman gave a brief history of the numbers of part-time people and how and why the numbers are what they are currently. If this change takes place, they will still have part-time people who wish to remain part-time and will have plenty of work for everyone.

**v. Additional Appropriation 2022-06, Salary Ordinance 2022-02,
ROC 2022-07: Juvenile Court**

Glenna Cheesman, Director of Vigo County CASA, advised that they had received notice from the Criminal Justice Institute that there will be a 20%-25% cut in their funding for CASA that they will be applying for (by April 1). This is a \$64,000 cut to their current grant they are requesting. The current grant also does not include the pay increases they need to make for their positions be compensated accordingly. They would like to ask the County to absorb two full time positions, one that is currently under VOCA and convert one of the part time positions that is currently under their Guardian Ad Litem from the State CASA program as a full time position. This would reduce their current request to VOCA by over 64%. VOCA funding comes for two years. This would take that amount off. They already have people in the two positions they are requesting be moved to full time so it would just be a transition. They also have a person in the part time position being requested to be made full time. It would open up funding in GAL currently to pull off another position from the VOCA funding. While confusing, it will allow them to do sustainability and still allow them to access funding under VOCA. She then provided statistics of achievements since she had been appointed director, including children served and the number of volunteers they have and their contributions. This grant expires September 30. They are asking the County to pick up the two full time positions starting October 1 and carrying them through. As an alternative, it has been discovered from working with the Auditor's Office, that they have funds from a previous administration that were not spent. These are excess funds that had been rolled over into a cash line item for the CASA program. They would like to offer to use these funds to pay for the two positions from October 1 through December 31 with the Council picking it up and making it a full time position January 1, 2023. In that way, it will not impact this year's budget. Further facts and figures were provided to the Council. For their VOCA funding, their grant has to be submitted by April 1 and they have to show that they have this grant cut. The announcement of the grants will be made sometime later in June or July. There was a lengthy discussion. Council Administrator Kylissa Miller suggested that perhaps if the alternative funding was used that would require these funds not be appropriated this year, a Resolution could be adopted, if the Council was in support of doing this, and in that way Ms. Cheesman would have something to submit with her grant. They have to show a reduction in their grant and show where the positions are going to go so they can show that not only have they met their grant goals, they have also obtained sustainability for the two positions because the County is going to take them because they have met their goals. That would be huge in them obtaining further funding. Aaron Loudermilk asked if a Resolution would be a strong enough commitment for grant purposes. She thinks it would. Discussion continued. Aaron Loudermilk stated that it seemed to be apparent that the Council was in support of this matter but they wanted to do what needed to be done now in order to help her out. Discussion continued.

vi. Additional Appropriation 2022-07, Salary Ordinance 2022-03, ROC 2022-08: Guardian Ad Litem

This request is included with the prior discussion.

vii. Additional Appropriation 2022-08, Salary Ordinances 2022-04 through 2022-10, ROC 2022-09: Jail

Sheriff John Plasse was present and stated that all members should have a copy of the answers he had prepared to the Councils' questions and would be happy to answer any questions or clarify anything that was unclear. Todd Thacker asked Sheriff Plasse if the Council agreed with the proposals before them, would they be in good standing with the Federal Judge. Sheriff Plasse stated that he could not speak for the Judge and did not know what she would or would not accept. Attorney Craig McKee was asked for his opinion on the answer to Councilman Thacker's question. Mr. McKee spoke about the ratio of inmates and staff and the fact that the number of staff is lacking. As of today, 68 was the appropriate number of jailers needed but the current number employed is 40. In order to increase that number, he believed the Judge is looking for some effort on the County's part to fill those spots. As Sheriff Plasse responses to Council's questions showed, it can be more than just salary. The goal is to attract and retain a full staff to supervise a jail that's operating at 80% capacity which is considered full size under Indiana guidelines. David Thompson asked whether there had been any discussions about changing the schedule. The possibility of 12 hour shifts and number of days worked and days off was discussed. Sheriff Plasse said that with the current staffing, it would not be feasible for either of those changes to work. The reasoning was briefly discussed. Sheriff Plasse noted that a recent employee survey showed that the majority would be in favor of going to 12-hour shifts but with staffing levels as they are, that just cannot work at this time. Vicki Weger asked where employees went to work when they left the County employ. Sheriff Plasse noted that from 2019-2021, 12 employees went to work for the federal prison, 5 went to the Terre Haute Police Department, 10 went to other agencies, 11 were internal transfers, and 20 were involuntary terminations. 4 recently left for other issues, one of which was for illegal drug use. They are getting applications but are losing them faster than they come in. This is a nation-wide issue not just for them but for all employers. There was a lengthy discussion about how many employees would be needed in order to go to implement different shift times.

Brenda Wilson made a motion to adjourn the meeting at 6:20 p.m. Travis Norris seconded the motion. Upon a voice vote of 7-0, the motion was unanimously approved.

Communications from elected officials, other officials or agencies of the County

Darrick Scott, Chief of the Sugar Creek Fire Department, along with many other members of various fire departments and districts were present tonight. Mr. Scott spoke about the past two years of hard work, sacrifice and loss during the pandemic. He wanted to thank the EMA for their tireless work and contributions during the pandemic. He spoke about the extra budget expenditures required and the federal monies received by the counties. Rather than asking for overtime and extra money for budgets for the firefighters, he suggested the county purchase and supply every fire station in the county with one mechanical CPR device. This would be a benefit every volunteer agency and taxpayer in the County. He set forth the benefits of each station having such a device and a short demonstration was given by a representative of the Stryker Company. Every fire department in the County was in agreement for this plan and the Stryker device. The two options for the total cost to supply each station with a device are: (1) a device with a 5-year warranty would cost around \$420,000; and (2) a device with the standard 1-year warranty would cost around \$325,000. There was a lengthy question and answer session. The question was raised as to whether or not any of the departments currently already have these devices. Otter Creek Township has one, Honey Creek has five (which they worked very hard to get). He suggested that the departments that currently have them be reimbursed for them. They were purchased with monies from their budget and the fair thing to do is to reimburse them at the current price of the ones being purchased. Otter Creek only has one device but they have three fire houses. It was noted that Otter Creek does not want to be reimbursed for the device they have but they do want the County to purchase a device for their other two fire stations so that each station will have one. That leaves Honey Creek as the only department to be reimbursed. The City of Terre Haute currently has three units for every transport that they have, albeit a

different brand. The life span of a device is 7 years but that is figured on being used for one heart attack every single day for seven years. So, in reality, the life span would be significantly longer than 7 years.

Scott Fisher, Riley Township Trustee, was there in support of the fire departments. He had been in contact with all but three township trustees throughout the County and all of them are in favor of the prior request of the fire departments.

Resolutions and Ordinances other than appropriations.

i. Resolution 2022-03; ROC 2022-10: County Tax Abatement Scoring System

Marie Theisz advised that she had received a lot of feedback from Council members and others since the Sunshine meeting. As she said then, this is still a work in progress. In order to implement some of the suggestions/ideas and make sure that this is in proper form, she would like to table this matter for the time being. Marie Theisz made a motion to table Resolution 2022-03. Todd Thacker seconded the motion. Upon a roll call vote of 7-0, the motion was unanimously approved.

Ordinances relating to appropriations.

i. Additional Appropriation 2022-02; ROC 2022-03: Vigo County Health Department

Joni Wise, Administrator of the Vigo County Health Department, and Mike Grayless, Vector Control Supervisor, presented this request at the Sunshine Meeting. Upon determination that there were no further questions or comments from Council, Todd Thacker made a motion to approve Additional Appropriation 2022-01. Vicki Weger seconded the motion. Upon a roll call vote of 7-0, the motion was unanimously approved. Ms. Wise then went on to say that the funds being used for this purchase originate from the federal funds they are receiving in connection with administering the Covid 19 vaccine and they still have their settlement coming in from July 1 of last year through December 31 and the funds appropriated for them to continue their Covid relief from January through April 28. She said that she would like to work with the Fire Departments to help offset the cost of the purchase of the mechanical CPR devices talked about earlier. If the Council decides to go ahead with the purchase of the requested devices, she thinks the Health Department could contribute a sizable amount of money to help offset the costs. Chief Deputy Auditor Cheryl Loudermilk said that she would research the amount and then email that information to Council members and Council Administrator Kylissa Miller after conferring with Joni about other expenses and the final amount decided.

ii. Additional Appropriation 2022-03, ROC 2022-04: Drug Free Community

Brandon Halleck explained this request at the Sunshine meeting. Brad Newman, Vigo County Clerk, presented this request at the Sunshine Meeting. There was a short discussion about the part time positions and explanation of how this would work. Upon determination that there were no further questions or comments from Council, Travis Norris made a motion to approve Salary Ordinance 2022-01. Brenda Wilson seconded the motion. Upon a roll call vote of 7-0, the motion was unanimously approved.

vi. Salary Ordinance 2022-02, ROC 2022-07: Juvenile Court and Salary Ordinance 2022-03, ROC 2022-08: Guardian Ad Litem and Additional Appropriation 2022-06, ROC 2022-07: Juvenile Court and Additional Appropriation 2022-07, ROC 2022-08: Guardian Ad Litem

Glenna Cheesman, Director of Vigo County CASA, presented these related requests at the Sunshine Meeting. She gave an update on grant funding for the last five years and increased numbers of children since last week. She also advised that her grant request deadline had been moved up to March 31. There was a lengthy discussion about what exactly was needed from the Council. Ms. Cheesman stated that she needed to know that the two positions requested would be covered and she would not lose two positions which would create a domino effect. She spoke about the Resolution discussed last week and would be willing to accept that and use her budget to cover the two positions when the grant ends on September 30 through the end of the year as long as the County would take over the funding of these two positions beginning in 2023. She needed to be able to have this information in order to submit her grant request timely for the maximum funds available. Grant requirements were discussed and the need to be assured that these positions would be covered by the County in the next budget year and going forward. Council Administrator Kylissa Miller stated that ultimately what Glenna needed was to know what the Council was willing to possibly take on and it does not have to be voted on or approved in an ordinance form. This will be revisited in September because at that point we should have classification amounts and know where to place them, if necessary, so you'd have a better number. And also you would know what was approved in a grant at that time. Detailed discussion continued. Council Attorney Robert Effner was consulted on how to move forward. Mr. Effner opined that they should make a motion for a non-binding favorable recommendation to fund one full time and one part time position for CASA in the 2023 budget from the general fund. Ms. Cheesman clarified a couple of issues regarding full and part time employees. Detailed discussion continued. Marie Theisz made a motion for a non-binding favorable recommendation with one full time and one part time position in the 2023 Juvenile Court budget out of the general fund for CASA. Brenda Wilson seconded the motion. Upon a roll call vote of 7-0, the motion was unanimously approved.

vii. Salary Ordinance 2022-04, ROC 2022-09: Jail – Add Officers

Sheriff John Plasse was present to answer any questions Council members might have after last week's Sunshine Meeting. David Thompson asked if any of the numbers had changed since last week and Sheriff Plasse responded that they had not. A lengthy discussion took place including, among other things, various options regarding shifts (discussing 4/2 and 12 hour shifts), the

minimum number of staff needed per shift for 12 hour shifts or to go to 4/2, and hourly rates of pay. Vicki Weger raised the question of what happened if the pay rate was increased and the positions could still not be filled. Attorney Craig McKee stated that the cap for the number of inmates would drop and fewer inmates could be housed in the jail. When asked what would be done when the cap was met on the number of inmates and if they would have to be shipped out, Mr. McKee responded that such would be correct IF you could find a place to put them. The jails are pretty much at maximum state-wide as is the employee situation. Salary comparisons from surrounding counties and other competing employers such as the federal prison and various local state prisons and local law enforcement were discussed. The possibility of working with local schools and universities was discussed. Discussion continued about alternative scheduling. The current salary study being conducted and the total cost of salary raises were discussed. It was asked if a lower number than requested but more than the salary rate now would make a difference. Sheriff Plasse replied that he believed any increase would make a difference but he just didn't have any idea what that magic number was. Discussion continued. Aaron Loudermilk asked if it was a fair assessment to say that the goal is to show progress. Attorney Craig McKee agreed but said that everybody plays a role and gave further explanation. Mr. McKee advised that the next court hearing (via Zoom) had been rescheduled just today to April 26 at 9:30. Mr. Loudermilk asked if nothing is decided tonight, would they still have time to make decisions at the April Council meeting. Mr. McKee replied affirmatively that if this gets handled in April, there would still be time to inform opposing counsel of the decisions. It was decided that a further study was needed from Bill Wilson and would need to be fast-tracked. Mr. McKee suggested setting out specific parameters for information to be contained in the study in order to get the proper information to make decisions. Mr. McKee also suggested that in comparison of salaries to other counties, a more apples to apples comparison should be considered and suggested Vanderburgh County, Knox County, and Daviess County. Discussion continued. David Thompson made a motion to table Salary Ordinance 2022-04. Brenda Wilson seconded the motion. Upon a roll call vote of 7-0, the motion was unanimously approved.

viii. Salary Ordinance 2022-05, ROC 2022-09: Jail – Amend Salaries

Brenda Wilson made a motion to increase wages to \$19 per hour. David Thompson seconded the motion. Attorney Craig McKee suggested that the hourly rate should probably be at least as high as the comparison rate for Greene County, which is \$19.50. Additional discussion took place about the hourly rate. Upon a roll call vote, voting was as follows: Todd Thacker – nay; Vicki Weger – nay; Marie Theisz – nay; Travis Norris – aye; Brenda Wilson – aye; David Thompson – aye; Aaron Loudermilk – aye. With a 4-3 vote, motion passes.

At this point, Council Administrator Kylissa Miller asked about the other items listed on Salary Ordinance 2022-05 besides the \$19 per hour rate and if they were going to be addressed. There was a short discussion about the difference in the rates shown in b, c, d and e. It was determined that the difference in each rate amounted to \$3 per hour. Thus, b. would become \$19.94 per hour; c. would become \$20.88 per hour; d. would become \$22.74 per hour; and e. would become \$24.16 per hour. There was a short discussion. Brenda Wilson then asked if the original motion would need to be withdrawn or if an amendment could be made to address the additional items. There was a brief discussion. Brenda Wilson then made a motion to address the additional positions with regard to Salary Ordinance 2022-05 and amend Correctional Officer POLE A to \$19 per hour, to amend Corporal Civilian POLE B to \$19.94 per hour, to amend Sergeant Civilian POLE C to \$20.88 per hour, to amend Senior Sergeant Civilian POLE D to \$22.74 per hour, and to amend First Sergeant Special Occupation to \$24.16 per hour. David Thompson seconded the motion. Upon a roll call vote, voting was as follows: Todd Thacker – nay; Vicki Weger – nay; Marie Theisz – nay; Travis Norris – aye; Brenda Wilson – aye; David Thompson – aye; Aaron Loudermilk – aye. With a 4-3 vote, motion passes. Brenda Wilson then made a

motion to approve Amended Salary Ordinance 2022-05. David Thompson seconded the motion. Upon a roll call vote, voting was as follows: Todd Thacker – nay; Vicki Weger – nay; Marie Theisz – nay; Travis Norris – aye; Brenda Wilson – aye; David Thompson – aye; Aaron Loudermilk – aye. With a 4-3 vote, motion passes.

ix. Salary Ordinance 2022-06, ROC 2022-09: Jail – Stipends.

Council Administrator Kylissa Miller said they did not need those since it was covered in Salary Ordinance 2022-05.

x. Salary Ordinance 2022-07, ROC 2022-09: Jail – Stipends.

David Thompson made a motion to table Salary Ordinance 2022-07. Brenda Wilson seconded the motion. Upon a roll call vote of 7-0, the motion was unanimously approved.

xi. Salary Ordinance 2022-08, ROC 2022-09: Jail – Shift Differentials

Travis Norris made a motion to table Salary Ordinance 2022-08. Brenda Wilson seconded the motion. Upon a roll call vote of 7-0, the motion was unanimously approved.

xii. Salary Ordinance 2022-09, ROC 2022-09: Jail – Add Position and Stipend

Brenda Wilson made a motion to table Salary Ordinance 2022-09. Travis Norris seconded the motion. Upon a roll call vote of 7-0, the motion was unanimously approved.

xiii. Salary Ordinance 2022-10, ROC 2022-09: Jail – Amend Part-time Correctional Officer Rate

Travis Norris made a motion to table Salary Ordinance 2022-10. Brenda Wilson seconded the motion. Upon a roll call vote of 7-0, the motion was unanimously approved.

Todd Thacker stated that he did not have anything marked with regard to any action on Salary Ordinance 2022-06. Kylissa Miller stated that it was included in 2022-05. Mr. Thacker was unsure what had happened with 2022-06. Kylissa Miller stated that they did not take any action on it.

xiv. Additional Appropriation 2022-08, ROC 2022-09: Jail

Kylissa Miller suggested that this Appropriation be tabled until April so that there will be a better idea as to what is needed based on the decisions made in April. She also suggested that the Auditor's Office place the stipend for the Lieutenant Jail Matron in the Sheriff's budget. David Thompson made a motion to table Additional Appropriation 2022-08. Brenda Wilson seconded the motion. Upon a roll call vote of 7-0, the motion was unanimously approved.
