1.0 INTRODUCTION

Vigo County was formed in 1818 from a portion of Sullivan County. The county is located in west-central Indiana on the Indiana/Illinois border. As of the 2010 census, Vigo County had a population of 107,848. Terre Haute is the county seat and one of four incorporated towns within the county. The other three incorporated towns include West Terre Haute, Seelyville, and Riley. The county is divided into 12 townships: Fayette, Otter Creek, Nevins, Sugar Creek, Harrison, Lost Creek, Prairieton, Honey Creek, Riley, Prairie Creek, Linton, and Pierson. The County serves all people, including minority populations, low-income populations, the elderly, persons with disabilities, and those who traverse the County. The County recognizes its responsibility to provide fairness and equity in all of its programs, services, and activities, and that it must abide by and enforce federal and state civil rights legislation.

Title VI of the Civil Rights Act of 1964 prohibits discrimination based on race, color, or national origin, in any program, service or activity that receives federal assistance. Specifically, Title VI assures that, *“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefit of, or be otherwise subjected to discrimination under any program or activity receiving federal assistance (42 U.S.C. Section 2000d).”* The use of the word “person” is important, as the protections afforded under Title VI apply to anyone, regardless of whether the individual is lawfully present in the United States or a citizen of a state within the United States. In addition to Title VI, there are other non-discrimination statutes that afford legal protection, including:

- Section 162(a) of the Federal-Aid Highway Act of 1973 prohibits discrimination based on sex (23 USC 324) and is the enabling legislation of the Federal Highway Administration (FHWA)
- Age Discrimination Act of 1975 prohibits discrimination based on age
- Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 prohibit discrimination based on disability

Taken together, these requirements define an over-arching Title VI/Non-Discrimination Program. It is important to also understand that Title VI and the additional non-discrimination requirements are applicable to federal programs in addition to programs receiving federal financial assistance due to the Civil Rights Restoration Act of 1987. The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 prohibits unfair and inequitable treatment of persons displaced or whose property has been acquired as a result of projects which are undertaken with federal financial assistance.

In addition to statutory authorities, there are two Presidential Executive Orders (EO) that place further emphasis upon the Title VI protections of race and national origin. These are EO #12898 (*“Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations”*) and EO #13166 (*“Improving Access to Services for Persons with Limited English Proficiency”*). EO #12898 (Environmental Justice) directs federal agencies to develop strategies to address disproportionately high and adverse human health or environmental effects of their programs on minority and low-income populations. Environmental Justice initiatives are accomplished by involving the potentially affected public in the development of transportation projects that fit within their communities without sacrificing safety or mobility. In 1997, the U.S. Department of Transportation (USDOT) issued its DOT Order to Address Environmental Justice in Minority Populations and Low-Income Populations to summarize and expand upon the requirements of EO 12898. EO #13166 (Limited English Proficiency) directs federal agencies to evaluate services provided and implement a system that ensures that Limited English Proficiency (LEP) persons are able to meaningfully

access the services provided consistent with, and without unduly burdening, the fundamental mission of each federal agency. Additionally, each federal agency shall ensure that recipients of federal financial assistance provide meaningful access to their LEP applicants and beneficiaries.

As a recipient of federal financial assistance, the County must provide access to individuals with limited ability to speak, write, or understand the English language. The County will not restrict an individual in any way from the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under its programs or projects. Individuals may not be subjected to criteria or methods of administration which cause adverse impact because of their race, color, national origin, age, sex, or disability or have the effect of defeating or substantially impairing accomplishment of the objectives of the program because of race, color, age, sex, disability, or national origin. Therefore, the primary goals and objectives of Vigo County's Title VI Program are:

1. To assign roles, responsibilities, and procedures for ensuring compliance with Title VI of the Civil Rights Act of 1964 and related regulations and directives;
2. To ensure that people affected by the County's programs and projects receive the services, benefits, and opportunities to which they are entitled without regard to race, color, national origin, age, sex, or disability;
3. To prevent discrimination in Vigo County's programs and activities, whether those programs and activities are federally funded or not;
4. To establish procedures for identifying impacts in any program, service, or activity that may create illegal adverse discrimination on any person because of race, color, national origin, age, sex, or disability; or on minority populations, low-income populations, the elderly, and all interested persons and affected Title VI populations;
5. To establish procedures to annually review Title VI compliance within specific program areas within the County;
6. To set forth procedures for filing and processing complaints by persons who believe they have been subjected to illegal discrimination under Title VI in the County's services, programs, or activities.

As the sub-recipient of federal transportation funds, the County must comply with federal and state laws, and related statutes, to ensure equal access and opportunity to all persons, with respect to transportation services, facilities, activities, and programs, without regard to race, color, religion, national origin, sex, socio-economic status, or geographical location. Every effort will be made to prevent discrimination in any program or activity, whether those programs and activities are federally funded or not, as guaranteed by the Civil Rights Restoration Act of 1987.

The County shall also ensure that their sub-recipients adhere to state and federal law, and include in all written agreements or contracts assurances that the sub-recipient must comply with Title VI and other related statutes. The County, as a sub-recipient who distributes federal transportation funds, shall monitor their sub-recipients for voluntary compliance with Title VI. In the event that non-compliance is discovered, the County will make a good faith effort to ensure that the sub-recipient corrects any deficiencies arising out of complaints related to Title VI; and that sub-recipients will proactively gauge the impacts of any program or activity on minority populations and low-income populations, the elderly, persons with disabilities, all interested persons, and affected Title VI populations.

I. DISCRIMINATION UNDER TITLE VI

There are two types of discrimination prohibited under Title VI and its related statutes. One type of discrimination, which may or may not be intentional, is “disparate treatment”. Disparate treatment is defined as treating similarly situated persons differently because of their race, color, national origin, sex, disability, or age. The second type of discrimination is “disparate impact”. Disparate impact discrimination occurs when a “neutral procedure or practice” results in fewer services or benefits, or inferior services or benefits, to members of a protected group. With disparate impact, the focus is on the consequences of a decision, policy, or practice rather than the intent.

The County’s efforts to prevent such discrimination must address, but not be limited to, a program’s impacts, access, benefits, participation, treatment, services, contracting opportunities, training, investigation of complaints, allocation of funds, prioritization of projects, and the overarching functions of planning, project development and delivery, right-of-way, construction, and research.

The County has developed this Title VI Plan to assure that services, programs, and activities of the County are offered, conducted, and administered fairly, without regard to race, color, national origin, sex, age, or disability of the participants or beneficiaries of federally funded programs, services, or activities (see Title VI Assurances).

2.0 NON-DISCRIMINATION POLICY STATEMENT

The County reaffirms its policy to allow all individuals the opportunity to participate in federal financially assisted services and adopts the following provision:

“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

In applying this policy, the County, and its sub-recipients of federal funds, shall not:

1. Deny any individual with any services, opportunity, or other benefit for which such individual is otherwise qualified;
2. Provide any individual with any service or other benefit which is inferior (in quantity or quality) to, or which is provided in a different manner from, that which is provided to others;
3. Subject any individual to segregated or disparate treatment in any manner related to such individual's receipt of services or benefits;
4. Restrict an individual in any way from the enjoyment of services, facilities, or any other advantage, privilege, or other benefit provided to others;
5. Adopt or use methods of administration which would limit participation by any group of recipients or subject any individual to discrimination;
6. Address any individual in a manner that denotes inferiority because of race, color, or national origin;
7. Permit discriminatory activity in a facility built in whole or in part with federal funds;
8. Deny any segment of the population the opportunity to participate in the operations of a planning or advisory body that is an integral part of a federally funded program;
9. Fail to provide information in a language other than English to potential or actual beneficiaries who are of limited English speaking ability, when requested and as appropriate;
10. Subject an individual to discriminatory employment practices under any federally funded program whose objective is to provide employment;
11. Locate a facility in any way which would limit or impede access to a federally funded service or benefit.

The County will actively pursue the prevention of any Title VI deficiencies or violations and will take the necessary steps to ensure compliance. If irregularities occur in the administration of the program's operation, procedures will be promptly implemented to resolve Title VI issues within a period not to exceed 90 days.

The County designates Tammy York-Allen, Vigo County Commissioner Administrative Secretary as the County's Title VI Coordinator. Ms. York-Allen will be responsible for initiating and monitoring Title VI activities and other required matters, ensuring that the County complies with the Title VI regulations, and pursue prevention of Title VI deficiencies or violations. Inquiries concerning Vigo County and Title VI may be directed to the Title VI Coordinator at: 650 S. 1st Street, Terre Haute, Indiana 47807, Phone: (812) 462-3367, Fax: (812) 234-2409, Email: Tammy.York-Allen@vigocounty.in.gov.

V. PROGRAM REVIEWS

Special emphasis program reviews will be conducted based on the annual summary of Title VI activities, accomplishments, and problems. The reviews will be conducted by the Title VI Coordinator to assure effectiveness in their compliance with Title VI provisions and compliance with the requirements of INDOT. The Title VI Coordinator will coordinate efforts to ensure the equal participation in all their programs and activities at all levels. The County does not have any special emphasis programs at this time.

VI. TITLE VI REVIEWS ON SUB-RECIPIENTS

Title VI compliance reviews of sub-recipients will be conducted annually by the Title VI Coordinator. Priority for conducting reviews will be given to those sub-recipients of federal funds with the greatest potential of impact to those groups covered. The reviews will entail examination of the sub-recipient's adherence to all Title VI requirements. The status of each review will be reported in the annual update and reported to INDOT upon request. Examples of sub-recipients would include applicants awarded funding through the U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG) and HOME Investment Partnerships Program (HOME) administered by the County and contractors and consultants that receive funding provided to the County by a Federal agency or through a recipient of monies from a Federal agency (e.g., INDOT through FHWA).

VII. ANNUAL REPORTING FORM

The Title VI Coordinator will be responsible for coordination, compilation, and submission of the annual reporting form data to INDOT via the LPA Pre-Award Certification & Assurance, accessible online at <http://itap.indot.in.gov>, by 11:59 p.m. on September 1 or as otherwise mandated by INDOT.

Annual updates to the Title VI Implementation Plan shall include goals for the new reporting period and information related to tracking of complaints and training of County employees.

VIII. TRAINING

The Title VI Coordinator is required to attend an INDOT training session annually, at which time information will be obtained about other training opportunities for the coordinator and other County staff, if applicable. The Title VI Coordinator will also monitor INDOT's annual directives related to information they require to be provided to prove the County is meeting their Title VI compliance obligations. Under the direction of the Title VI Coordinator, liaisons will be required to document the Title VI training that is provided to their staff and track attendance. Documentation should include the type of training, number and type of individuals trained, and materials. Identification of training goals and opportunities for the upcoming year should be planned annually. All training needs to be documented on the annual reporting form to INDOT and Annual Goals and Accomplishments form. Frequency of training of staff is to be determined by the County to meet INDOT requirements and ensure compliance with Title VI.

IX. PUBLIC DISSEMINATION

The County will disseminate Title VI Program information to County employees and to the general public. Title VI Program information will be submitted to sub-recipients, contractors, and beneficiaries. Public

dissemination will include inclusions of Title VI language in contracts and publishing the Title VI Plan on the Vigo County website, at www.vigocounty.in.gov.

X. REMEDIAL ACTION

The County, through the Title VI Coordinator, will actively pursue the prevention of Title VI deficiencies and violations and will take the necessary steps to ensure compliance with all program administrative requirements. When deficiencies are found, procedures will be promptly implemented to correct the deficiencies and to put in writing the corrective action(s). The period to determine corrective action(s) and put it/them in writing to effect compliance may not exceed 90 days from the date the deficiencies are found.

LIMITED ENGLISH PROFICIENCY (LEP)

On August 11, 2000, President William J. Clinton signed an executive order ([Executive Order 13166: Improving Access to Service for Persons with Limited English Proficiency](#)) to clarify Title VI of the Civil Rights Act of 1964. It had as its purpose, to ensure accessibility to programs and services to otherwise eligible persons who are not proficient in the English language.

This Executive Order stated that individuals who do not speak English well and who have a limited ability to read, write, speak, or understand English are entitled to language assistance under Title VI of the Civil Rights Act of 1964 with respect to a particular type of service, benefit, or encounter. These individuals are referred to as being limited in their ability to speak, read, write, or understand English, hence the designation, “LEP,” or Limited English Proficient. The Executive Order states that:

“Each federal agency shall prepare a plan to improve access to its federally conducted programs and activities by eligible LEP persons. Each plan shall be consistent with the standards set forth in the LEP Guidance, and shall include the steps the agency will take to ensure that eligible LEP persons can meaningfully access the agency’s programs and activities.”

Not only are all federal agencies required to develop LEP plans as a condition of receiving federal financial assistance, recipients must comply with Title VI and LEP guidelines of the federal agency from which funds are provided as well.

Federal financial assistance includes grants, training, use of equipment, donations of surplus property, and other assistance. Recipients of federal funds range from state and local agencies to non-profits and organizations. Title VI covers a recipient’s entire program or activity. This means all parts of a recipient’s operations are covered, even if only one part of a recipient’s organization receives the federal assistance. Simply put, any organization that receives federal financial assistance is required to follow this Executive Order.

A person who does not speak English as their primary language and who has a limited ability to read, write, speak, or understand English may be a Limited English Proficient person and may be entitled to language assistance with respect to Vigo County’s programs and activities. Language assistance can include interpretation, which means oral or spoken transfer of a message from one language into another language, and/or translation, which means the written transfer of a message from one language into another language. Vigo County will determine when interpretation and/or translation are needed and are reasonable.

According to 2012-2016 American Community Survey information obtained from the U.S. Census, the number of individuals age 5 and over that identified as having the ability to speak English less than “very well” is approximately 2% overall for the County. Linguistically isolated households (households where no one 14 years of age or older speaks only English or speaks English “very well”) are estimated to total 374 households (0.01%). These households speak Asian-Pacific Island languages (42%), Spanish (32%), other Indo-European languages (8%), and other languages (19%). The table below includes information about LEP populations in the County, detailed information can be found in Appendix E.

Further detailed review using the U.S. EPA’s EJSCREEN is available by Census Tract Block Group. EJSCREEN is a screening tool for pre-decisional use only and can help identify areas that may warrant additional consideration, analysis, or outreach. It does not provide a basis for decision-making, but it may help identify potential areas of EJ concern. Users should keep in mind that screening tools are subject to substantial

uncertainty in their demographic and environmental data, particularly when looking at small geographic areas. This screening tool does not provide data on every environmental impact and demographic factor that may be relevant.

LANGUAGE ASSISTANCE

Vigo County staff shall consider the following to identify if an interpreter and/or translator are needed or if an LEP person needs language assistance:

- a. Examine records to see if requests for language assistance have been received in the past, either at meetings or over the phone, to determine whether language assistance might be needed at future events.
- b. Have Language Identification Flashcards (see Appendix E) available at buildings where the public typically visits, including the County Annex Building, Health Department, and Sheriff's Office. Flashcards should be available at Human Resources and all County Departments near customer service areas where they can be easily accessible by staff. Individuals self-identifying as persons not proficient in English may not be able to be accommodated with translation assistance at the time, but it will assist in identifying language assistance needs for future events.

LANGUAGE ASSISTANCE MEASURES

Although there is an extremely low percentage of LEP individuals in Vigo County (persons who speak English less than "very well"), the County will strive to offer language assistance using the following measures:

- a. If an individual asks for language assistance, Vigo County will determine if the individual is an LEP person and language assistance is necessary to provide meaningful access. The County has the discretion to determine whether language assistance is needed and, if so, the type of language assistance necessary to provide meaningful access.
- b. When an interpreter is needed, in person or on the telephone, staff will attempt to determine what language is required and access the language interpreting service to be used.
- c. Vigo County will periodically assess the need for language assistance based on requests for interpreters and/or translators.

7.0 ENVIRONMENTAL JUSTICE

Compliance with Title VI includes ensuring that no minority or low-income population suffers “disproportionately high and adverse human health or environmental effect” due to any “programs, policies, and activities” undertaken by any agency receiving federal funds. This obligation will be met by Vigo County in the following ways:

- When planning specific programs or projects, identifying those populations that will be affected by a given program or project.
- If a disproportionate effect is anticipated, following mitigation procedures.
- If mitigation options do not sufficiently eliminate the disproportionate effect, discussing and, if necessary, implementing reasonable alternatives.

Disproportionate effects are those effects which are appreciably more severe for one group or predominantly borne by a single group. According to U.S. Census data, Vigo County has a total minority percentage of 11.7%, and 19.9% of the population has income below the poverty level. Data summarized below includes information on low income and minority populations

Further detailed review using the U.S. EPA’s EJSCREEN is available by Census Tract Block Group. EJSCREEN is not intended to provide a risk assessment and does not provide data on every environmental impact and demographic indicator that may be relevant to a particular location, and data may be several years old. Screening results should be supplemented with additional information and local knowledge to get a better understanding of the issues in a selected location. Block Groups with minority and income population data are included on Table 4. High minority population (exceeds total County percentage of 11.7%) and/or LEP populations (identified in the table as linguistically isolated households) are highlighted. Block Groups with low income populations at or above the state average of 34% are also highlighted.

Additional investigation and outreach should be completed for projects in the highlighted Block Group areas. Statistics on Census Tract and Block Groups are included in Appendix E. Where a project impacts a small number or area of low income or minority populations, the County will document that:

- Other reasonable alternatives were evaluated and were eliminated for reasons such as the alternatives impacted a far greater number of people or did greater harm to the environment, etc.;
- The project's impact is unavoidable;

- The benefits of the project far outweigh the overall impacts; and
- Mitigation measures are being taken to reduce the harm to low income or minority populations.

If it is concluded that no minority and/or low-income population groups are present in the project area, the County will document how the conclusion was reached. If it is determined that one or more of these population groups are present in the area, the County will administer potential disproportionate effects test.

The following steps will be taken to assess the impact of a project on minority and/or low-income population groups:

- **STEP ONE:** Determine if a minority or low-income population is present within the project area. The means of making this determination may include a detailed review of census tract and/or block group information or other reliable sources. If the conclusion is that no minority and/or low-income population is present within the project area, document how the conclusion was reached. If the conclusion is that there are minority population groups and/or low-income population groups present, proceed to Step Two.
 - **STEP TWO:** Determine whether project impacts associated with the identified low income and minority populations are disproportionately high and adverse. In doing so, refer to the list of potential impacts and questions contained in Appendix E. If it is determined that there are disproportionately high and adverse impacts to minority and low-income populations, proceed to Step Three.
 - **STEP THREE:** Propose measures that will avoid, minimize, and/or mitigate disproportionately high and disproportionate adverse impacts, and provide offsetting benefits and opportunities to enhance communities, neighborhoods, and individuals affected by the proposed project.
 - **STEP FOUR:** If after mitigation, enhancements, and offsetting benefits to the affected populations, there remains a high and disproportionate adverse impact to minority or low-income populations, then the following questions must be considered:
 - Question 1: Are there further mitigation measures that could be employed to avoid or reduce the adverse effect to the minority or low-income population?
 - Question 2: Are there other additional alternatives to the proposed action that would avoid or reduce the impacts to the low income or minority populations?
 - Question 3: Considering the overall public interest, is there a substantial need for the project?
 - Question 4: Will the alternatives that would satisfy the need for the project and have less impact on protected populations
 - (a) have other social economic or environmental impacts that are more severe than those of the proposed action?
 - (b) have increased costs of extraordinary magnitude?
 - **STEP FIVE:** Include all findings, determinations, or demonstrations in the environmental document prepared for the project.

8.0 FILING A TITLE VI COMPLAINT

I. INTRODUCTION

The Title VI complaint procedures are intended to provide aggrieved persons an avenue to raise complaints of discrimination regarding County programs, activities, and services as required by statute. Any person, who believes they have faced unequal treatment or discrimination as to the receipt of benefits and/or services based on their race, color, national origin, disability, sex, sexual orientation, gender identity, religion, age, low income status, or limited English proficiency, has the right to file a written complaint as described herein. Complaints should be filed with Vigo County's Title VI Coordinator.

These procedures cover all complaints filed under Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Civil Rights Act of 1987, the Americans with Disabilities Act of 1990, and other relevant regulations, statutes, directives, and Executive Orders relating to any federally-funded contract or activity administered by the County. It also applies to sub-recipients, consultants, and contractors. Intimidation or retaliation of any kind is prohibited by law.

The procedures do not deny the right of the complainant to file formal complaints with other state and federal agencies, or to seek private counsel for complaints alleging discrimination. Every effort will be made to obtain early resolution of complaints at the lowest level possible. The option of informal mediation meeting(s) between the affected parties, the Title VI Coordinator, and the Department Heads may be utilized for resolution. A copy of the complaint form can be found in Appendix F.

II. PURPOSE

The purpose of the discrimination complaint procedures is to describe the process used by the County for processing complaints of discrimination under Title VI of the Civil Rights Act of 1964 and related statutes.

III. ROLES AND RESPONSIBILITIES

The Title VI Coordinator has overall responsibility for the discrimination complaint process and procedures. The Title VI Coordinator may, at his/her discretion, assign a capable person to investigate the complaint. The designated investigator will conduct an impartial and objective investigation, collect factual information, and prepare a fact-finding report based upon information obtained from the investigation.

IV. PROCEDURE FOR FILING A COMPLAINT

Any person, group of individuals, or entity that believes they have been excluded from participation in or denied benefits or services of any program or activity administered by the County or its sub-recipients, consultants, and contractors on the basis of race, color, national origin (including Limited English Proficiency), sex, age, or disability may bring forth a complaint of discrimination under Title VI. All complaints are to be filed with the County's Title VI Coordinator. The complainant(s) shall make themselves reasonably available to the designated investigator to ensure completion of the investigation within the timeframes set forth.

In all situations, employees of the County must contact the Title VI Coordinator immediately upon receipt of Title VI related complaints. Complaints must be filed within 180 days of the alleged discrimination. If the complainant could not reasonably be expected to know that the act was discriminatory within the 180 day

period, he/she will have 60 additional days after becoming aware of the illegal discrimination to file the complaint.

Complaints must be in writing and must be signed by the complainant and/or the complainant's representative. See Appendix F for the Title VI Complaint Form. The complaint must set forth, as fully as possible, the facts and circumstances surrounding the claimed discrimination. In cases where the complainant is unable or incapable of providing a written statement, the complainant will be assisted in converting the verbal complaint into a written complaint. All complaints, however, must be signed by the complainant and/or by the complainant's representative. Upon review of the information included in the complaint, the Title VI Coordinator shall decide the course of action and notify the complainant of the determination. All complaints will be logged into the Complaint Log (see Appendix F).

Items that should not be considered a formal complaint (unless the items contain a signed cover letter specifically alleging a violation of Title VI) include, but are not limited to:

- An anonymous complaint that is too vague to obtain required information
- Inquiries seeking advice or information
- Courtesy copies of court pleadings
- Newspaper articles
- Courtesy copies of internal grievances
- Oral complaints (unless provided by a Limited English Proficient person)

V. INVESTIGATION

The Title VI Coordinator shall designate a Department Head to lead the investigation. In the event the complaint is against a Department Head, the Title VI Coordinator shall lead the investigation. The investigator shall prepare a written plan, which includes, but is not limited to the following:

- Names of the complainant(s) and respondent(s) basis for complaint
- Issues, events, or circumstances that caused the person to believe that he/she has been discriminated against
- Information needed to address the issue
- Criteria, sources necessary to obtain the information
- Identification of key people
- Estimated investigation timeline and remedy sought by the complainant(s)

In conducting the investigation, the following factors will be considered:

- The investigation will address only those issues relevant to the allegations in the complaint.
 - In accordance with DOT Order 1000.12, Vigo County shall keep all complainants' identities confidential except to the extent necessary for carrying out an investigation. If an investigator determines that it is necessary to disclose the complainant's identity to the responder or a third party, the investigator must first obtain complainant's written permission. The Complainant Consent/Release form is including in Appendix F. Confidentiality will be maintained as much as possible.
 - Interviews will be conducted to obtain facts and evidence regarding the allegations in the complaint. The investigator will ask questions to elicit information about aspects of the case.
 - A chronological contact sheet is maintained in the case file throughout the investigation.
-

- If a Title VI complaint is received on an INDOT-related contract against Vigo County, INDOT will be notified and provided the opportunity to participate in the investigation of the complaint. Upon receipt of a Title VI complaint filed against Vigo County, the complaint and any pertinent information should immediately be forwarded to INDOT's Title VI Program Manager.
- Complaints made against a Vigo County's sub-recipient should be investigated by the County following the complaint process.
- Within 60 days of receiving the complaint, the investigator shall prepare an investigative report and submit the report and supporting documentation to the Title VI Coordinator for review.
- The Title VI Coordinator reviews the file and investigative report. Subsequent to the review, the Mayor makes a determination of "probable cause" or "no probable cause" and prepares the decision letter based on the facts of the investigation in consultation with the Title VI Coordinator. A copy of the decision letter will be provided to the complainant.
- The complainant may receive a copy of the investigative report and shall be notified in the decision letter of their appeal rights.
- The County may, at its discretion, extend any deadline above for a reasonable amount of time if needed to complete a thorough investigation.

The laws enforced by the County prohibit retaliation or intimidation against anyone because that individual has either taken action or participated in action to secure rights protected by these laws. If someone experiences retaliation or intimidation separate from the discrimination alleged in this complaint, they should contact the Title VI Coordinator.

VI. APPEALS, RECORDKEEPING, AND REPORTING REQUIREMENTS

The complainant has the right to appeal the decision of the County to INDOT. The complainant must submit the appeal in writing to the County's Title VI Coordinator within 14 days of receipt of the County's decision letter. The appeal must cite the specific portion(s) of the findings that the complainant disagrees with and the reason(s) for the disagreement. The County will forward the appeal to INDOT's Title VI Program Manager within seven calendar days of receipt and cooperate fully in the appeal process as requested by INDOT.

All records and investigative working files are to be maintained in a confidential area. Records are to be kept for a minimum of three years or the amount of time dictated by the state's Record Retention Schedule, whichever is longer. All complaints shall be documented on the complaint log. A copy of the complaint, together with a copy of the investigation report and final decision letter, will be forwarded to the INDOT Title VI Program Manager following expiration of the appeal period.

9.0 PUBLIC INVOLVEMENT AND OUTREACH

The County will provide information on Title VI responsibilities to the public and employees. Information will be available on postings in County facilities, County website, and employee handbooks. A review will be done of the County's website for compliance with applicable accessibility guidelines and suggested improvements considered to provide better access to users. A voluntary public involvement survey will be available at all public meetings to collect information regarding persons affected by proposed projects. The voluntary survey will be anonymous and collect data regarding gender, ethnicity, race, ages, disability status, household income, and other information. The survey will be available at all public hearings and meetings on projects, and completed surveys shall be retained for a minimum of three years from the date of the meeting or completion of the related project, if applicable. A copy of the public involvement survey is included in Appendix F. The County will strive to modify the public involvement and outreach program based on input from respondents and INDOT as needed.

10.0 TITLE VI PROGRAM GOALS FOR 2019

The County has identified the following Title VI Program goals for 2019. Updates to the program goals will be provided as part of the annual Title VI Implementation Plan to be prepared annually.

1. The County shall adopt the Non-Discrimination Policy Statement, Title VI Assurance, and Title VI Non-Discrimination Plan following a public hearing.
 2. A copy of Vigo County's Title VI Non-Discrimination Plan will be provided to each County Department Head, who will review the plan with departmental employees.

APPENDICES

APPENDIX A – FEDERAL-AID CONTRACT LANGUAGE

Appendix A

The following language is to be inserted in all federal-aid contracts:

During the performance of this contract, the contractor, for itself, its assignees and successors, in interest (hereinafter referred to as the “contractor”) agrees, as follows:

1. Compliance with Regulations: The contractor shall comply with Regulations relative to non-discrimination in Federally-assisted programs of the Department of Transportation, Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.
 2. Non-Discrimination: The contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, sex, or national origin in the selection, retention, and treatment of subcontractors, including procurements of materials in the discrimination prohibited by Section 21.5 of the Regulation, including employment practices when the contractor covers a program set for in Appendix B of the Regulations.
 3. Solicitation for Subcontracts, Including Procurements of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor’s obligations under the contract and the Regulations relative to non-discrimination on the grounds of race, color, or national origin.
 4. Information and Reports: The contractor shall provide all information and reports required by the Regulations, or directives issues pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the State Highway Department or the Federal Highway Administration to be pertinent to ascertain compliance with such Regulations or directives. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information, the contractor shall so certify to the State Highway Department or the Federal Highway Administration, as appropriate, and shall set forth what efforts it has made to obtain the information.
 5. Sanctions for Non-Compliance: In the event the contractor’s non-compliance with the non-discrimination provisions of this contract, the State Highway Department shall impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including, but not limited to:
 - a. Withholding payments to the contractor under the contract until the contractor complies and/or
 - b. Cancellation, termination or suspension of the contract, in whole or in part.
 6. Incorporation of Provisions: The contractor shall include provisions of paragraphs (1) through (6) in every subcontract, including procurement of material and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The contractor shall take such action with respect to any subcontract or procurement as the State Highway Department or the Federal Highway Administration may direct as a means of enforcing such provisions including sanctions for non-compliance: provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request the State Highway Department to enter into such litigation to protect the interests of the State, and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

APPENDIX D – DETERMINE/DISTINGUISH SIGNIFICANT/NON-SIGNIFICANT EFFECTS

“Significant” requires considerations of both context and intensity:

- (a) Context. This means that the significance of an action must be analyzed in several contexts such as society as a whole (human, nation), the affected region, the affected interests, and the locality. Significance varies with the setting of the proposed action. For instance, in the case of a site-specific action, significance would usually depend upon the effects in the local area rather than in the world as a whole. Both short- and long-term effects are relevant.
- (b) Intensity. This refers to the severity of impact. Responsible officials must bear in mind that more than one agency may make decisions about partial aspects of a major action. The following should be considered in evaluating intensity:
 - (1) Impacts that may be both beneficial and adverse. A significant effect may exist even if, on balance, the effect would be beneficial.

“Non-significant effect” means no substantial change to an environmental component and this no material bearing on the decision-making process.

Scientific, technical, institutional, the public’s value, and the local economic conditions influence the meaning of significant effect.

If an alternative would provide a beneficial effect, then the alternative would cause no significant adverse effect. If an alternative would provide an adverse effect, the effect might be significant or the effect might be non-significant.

Determinations of “significant” and “non-significant” effects will be made by Department Heads, in consultation with the Title VI Coordinator.
